WORKSHEET

LESSON 3: Activity 1

How I 'spent' my day

Think about everything that you did yesterday. Where did you go? What did you do? How did you spend your money?

NOTE: You will not be asked to share the amount you spent but may be expected to talk about your spending experiences.

Complete the table below, describing what you spent your money on and how much each item cost. Finish by calculating the total amount you spent yesterday by adding up the item costs.

DAY:	
ITEM DESCRIPTION	AMOUNT €
TOTAL:
