Amazon recalls Easylife Go Heater LED

📅 AUGUST 5, 2025

Amazon is carrying out a recall of Easylife Go Heater LED.

The risk reported to the CCPC is electric shock. The product's insulation may deteriorate, causing the front grille to become live. As this part must be touched to unplug the product, there is a risk of electric shock.

The brand is Easylife. The model number is K LW-031A-R-UK500. The barcode is 5056254107045. The ASIN number is B08HJ7QN68.

The products were sold online through Amazon. There are approximately 15 affected products in the Republic of Ireland.

What to do:

If you purchased one of these products, please stop use immediately.

Please return the affected item(s) to Amazon for a full refund, follow the instructions [here](#). Any charges that you incur for this return will be refunded to you.
