Audi recalls certain 'A3' passenger vehicles

 MARCH 20, 2019

A voluntary recall is being carried out by Audi Ireland, on certain Audi A3 passenger vehicles. The vehicles affected were produced between April and June 2018.

A safety issue has been identified, whereby, it is possible that in affected vehicles the locking pin for securing the head restraints may be missing from some head restraints on the central rear seat. This may compromise the protective and supportive effect of the head restraint.

Approximately 207 vehicles in the Republic of Ireland are affected by this recall campaign. Vehicle owners will be contacted directly by Audi Ireland and will be asked to bring their vehicles to an authorised repairer where necessary repairs/replacement of parts will be carried out.

What to do

If you believe that your vehicle may be impacted by this recall campaign, then you can contact Audi Customer Care on **1850 81 2760**, or alternatively, speak to your local Audi dealer for further information.
