B & Q Safety Notice for 'TELAMON' LED Floodlights/Security lights

 JULY 8, 2019

B & Q has identified a safety issue for the below listed TELAMON external light range. There may be a risk of water ingress in all of the below-listed products.

It is possible that the product can be incorrectly installed by using the wrong type of cable (flat, twin or earth type cable). This may cause the product to be affected by water ingress, potentially causing a risk of electrocution.

B & Q wish to make customers aware that only, round 3 core cable with a minimum 6-millimeter diameter, should be used. Approximately 21,227 units of these products have been sold in the Republic of Ireland.

TELAMON LIGHTS	DESCRIPTION
TELAMON 11.5W LED FLOODLIGHT	5052931667222
TELAMON 12.5W LED SECURITY LIGHT	5052931667253
TELAMON 20W LED SECURITY LIGHT	5052931667246
TELAMON 21.5W LED FLOODLIGHT	5052931667215
TELAMON 32.5W LED FLOODLIGHT	5052931667208
TELAMON 33.5W LED SECURITY LIGHT	5052931667239

What to do:

Please check with your installer that only the correct cable has been fitted. Prior to inspection or if water is present in the light, switch off the power supply. If in doubt about your installation, please consult a qualified electrician.

For more information please call the B & Q helpline on ROI freephone: **1800 946 327***

*Monday to Friday 8.30 am – 8 pm, Saturday 9 am – 5 pm and Sunday 10 am – 4 pm
