BISSELL recalls to repair certain Cordless Wet Dry Vacuum Floor Cleaners

 FEBRUARY 21, 2023

BISSELL recalls to repair certain Cordless Wet Dry Vacuum Floor Cleaners.

Some battery management circuit boards may be susceptible to hot spots, posing a risk of overheating. This may lead to fire and burns.

The brand is BISSELL. The model number is 2582E. All batches of the affected model are in scope of this action.

The model number is located on the product information label located behind the clean water tank on the back of machine.

The products were sold in Argos and Currys in the Republic of Ireland.

What to do:

If customers have an affected product, please remove the vacuum from the charging base, stop using the vacuum and return the product to its original point of purchase. For more information in relation to this recall to repair visit: [🔗 recall.BISSELL.com/ie](https://recall.BISSELL.com/ie)
