BMW Motorrad AG recalls BMW S 1000 R and S 1000 XR Motorcycles

 MARCH 30, 2023

BMW Motorrad is carrying out a recall of BMW S 1000 R and S 1000 XR Motorcycles.

The affected products were manufactured from 03 April 2019 to 20 December 2022.

The risk reported to the CCPC is that of Injuries as following a software update, any custom settings for “Dynamic Pro” mode are reset to factory settings (take-off detection is disabled) without the customer being automatically informed of this reset. As a result, the front wheel lift will neither be suppressed nor controlled, increasing the risk of an accident.

There are approximately 30 affected products in the Republic of Ireland.

What to do:

If you purchased one of these products, please discontinue use immediately and check if your vehicle is affected by visiting the [BMW Motorrad UK Recall Search Page](#) and input your Vehicle Identification Number (VIN).
