

PRODUCT RECALLS

Britax Römer recalls BABY-SAFE 5Z2 Infant Carrier

 MAY 8, 2024

Britax Römer is carrying out a recall of BABY-SAFE 5Z2 Infant Carrier.

The product presents a risk of injury. A gap may form between the handle and seat-shell of affected infant carriers. The handle may detach unexpectedly when being used to carry the infant outside of a vehicle, potentially causing the infant and the carrier to fall or collide with other items and injure the infant.

The brand is Britax Römer. The model number is BABY-SAFE 5Z2. The barcode and batch number are unknown. The affected products were produced before 21 October 2023.

There are approximately 24 affected products in the Republic of Ireland.

What to do:

Customers should stop using the product immediately.

All affected BABY-SAFE 5Z2 models will be replaced free of charge with a new safe version of the product, the BABY-Safe PRO or an equivalent product. To check if your product is affected and to request a replacement please visit www.baby-safe-check.com.

For further questions and concerns please contact Britax directly via email at hello@britax.com
