## Citroën C4 safety recall

 APRIL 15, 2011

Citroën Ireland is recalling C4 models in the Republic of Ireland. The recall is due to the potential for damage to occur to electrical wires and various electrical equipment in the boot area of the car. The affected vehicles were manufactured between 24 March 2006 and 19 July 2006 and this recall affects 386 vehicles.

### What to do:

All affected customers will be notified directly by post by Citroën inviting them to contact their nearest Citroën dealer to arrange for the necessary work to be carried out as soon as possible. Details of your nearest Citroën dealer can be found at [www.citroen.ie](http://www.citroen.ie).

The work carried out as part of the recall will be completed free of charge.
