## Citroën recalls certain passenger vehicles

 NOVEMBER 5, 2019

I.M. European Motors Limited is carrying out a voluntary recall of certain Citroën passenger vehicles.

A safety issue has been identified, whereby it is possible that due to a calibration of the engine management software this may result in emissions of NOx not complying with the regulatory limits.

The recall affects 107 vehicles in the Republic of Ireland.

The below table provides information of all affected vehicles and the year they were produced.

| MODEL OF VEHICLES | PRODUCTION PERIOD                    |
|-------------------|--------------------------------------|
| C3 Picasso        | 24 November 2015 to 24 November 2015 |
| C4 Picasso        | 5 June 2014 to 24 July 2015          |
| C4/DS4            | 23 May 2014 to 5 October 2015        |
| DS3               | 25 September 2013 to 22 October 2015 |
| DS5               | 12 July 2013 to 28 October 2015      |

### What to do:

I.M. European Motors Limited will be contacting all affected customers directly by post advising them to make an appointment with their local Authorised Repairer where necessary repairs will be carried out.
