

PRODUCT RECALLS

H & M water bottle for children recall

📅 AUGUST 22, 2012

H & M is carrying out a voluntary recall of water bottles for children sold in colours pink and blue in July 2012. The product identification number is 74292 6 4212 50/82.

This is due to the risk of the pull-up drinking spout of the bottle breaking into small parts which may lead to a risk of choking.

What to do:

If you have this product please **stop using it immediately** and return the product to any H & M store for a full refund. Further information is available at www.hm.com
