## Honda recalls Civic, CRV, Jazz, Accord and Stream

 MAY 26, 2015

Honda Ireland is recalling certain Civic, CRV, Jazz, Accord and Stream models. This recall is being carried out due to a potential problem with either the passenger or driver side air bag inflator. The airbag could deploy abnormally in a crash which could possibly lead to injury.

This recall is an extension and is a separate recall to previous ones relating to this issue. The production range for the driver side airbag is from 2004 until 2007 and 2,515 vehicles are affected. The production range for the passenger side airbag is from 2004 until 2008 and 6759 vehicles are affected.

### **What to do**

Honda Ireland will be contacting the owners of all affected vehicles by mail and asking them to take their vehicle to a Honda dealer or authorised repairer. The dealer will arrange for the replacement of the inflator if necessary. This work will be carried out at no cost to the owner. You can get more information from Honda Ireland on (01) 6423100 or by emailing [customerservice@honda.ie](mailto:customerservice@honda.ie)
