## Hotpoint and Indesit Dishwasher Safety Notice

📅 SEPTEMBER 24, 2014

Indesit Company Ireland is aware of a number of cases of Hotpoint/Indesit dishwashers which were sold on to the Irish Market prior to 2011, where an electrical component can fail. This may lead to overheating and, in rare cases, a potential fire hazard.

### What to do

Check the model number of your Hotpoint or Indesit dishwasher. This can be found either engraved on the top of the door or on a sticker on the left/right hand side of the inner part of the door.

You can then check whether your dishwasher is one of the affected models at either the [Hotpoint](#) or [Indesit](#) website.

If you have one of the affected models, or if you are unsure whether you do, call the Hotpoint/Indesit customer service line on 0818 776 188, (Monday to Friday 08:00am to 6:30pm, Saturday 8.30am to 5:30pm, Sunday 9:30am to 3:30pm).

Indesit will arrange to visit your home and make a free of charge repair.

While you are waiting for an engineer to visit, Indesit recommend not to leave the dishwasher unattended while in use.
