I.M. European Motors Limited recalls certain 'Citroen Berlingo' passenger vehicles

 AUGUST 20, 2020

I.M. European Motors Limited is carrying out a voluntary recall of certain 'Citroen Berlingo' passenger vehicles. A safety issue has been identified whereby it is possible that when the vehicle is under load, there may be damage to the track rods. This could result in a loss of driving stability, leading to the increased risk of an accident occurring.

The vehicles in question were manufactured between December 2019 and January 2020. There are approximately 358 vehicles affected on the Irish market.

What to do:

I.M. European Motors Limited will be contacting affected customers by regular post in the first instance to request that they get in touch with their local dealer/authorised repairer to have any necessary rectification work completed.

If you believe that your vehicle may be impacted by this recall, then you can contact Citroen's Contact Centre on 01 810 88 00 or alternatively, you can identify your closest Citroen dealer using [this](#) online tool.
