## iCandy Important Safety Announcement

 SEPTEMBER 4, 2017

iCandy have informed the CCPC that a small number of iCandy Peach pushchair buckles have broken during use. iCandy is now offering immediate replacements to all affected customers who own the Peach 2016 model and the Peach Designer Collection Midnight Edition.

In Ireland only a very limited number of Peach pushchairs are affected, by this safety announcement.

iCandy have identified that when a child is correctly harnessed into the seat, with arms through the hole located above the waist straps and fastened into the harness, the loss of the crotch strap would not permit the child to move down the seat unit.

### What to do
