JOUETS ÉCOIFFIER RECALLS CHILDREN'S 'ABRICK DISCOVERY TABLE'

📅 APRIL 5, 2018

Joeuts Écoiffier are carrying out a voluntary recall campaign for its 'abrick écoiffier discovery table' – a children's activity toy. The recall affects products with reference number '7764'.

The safety concern is that due to a small part, there is a potential choking hazard.

It is estimated that 210 units of this product has been sold onto the market in the Republic of Ireland through online and in-store sales. This product has been sold by retailers *Heatons* and *Brandmax* in the ROI.

What to do:

Consumers who are in possession of this product should return it to the shop where you purchased it from and a full refund or credit note will be offered. Alternatively, if you purchased this product online, you can follow the onsite process for contacting the retailer or reach out to customer services directly for further information.
