Kenwood recalls Blend-X Pro Blender

📅 AUGUST 14, 2015

Kenwood is undertaking a voluntary corrective action plan that affects the Blend-X Pro blender, (ONLY model BLM80 is affected). Kenwood has determined that there is the potential for the lower blade to break and this can result in a laceration or an ingestion hazard to the consumer.

Products affected have date codes between 14x01 to 15x22 ("x" is a letter: e.g. 14T01). Check the model number and date code on the rating plate, located on the underside of the product.
