## Mitsubishi Motors recalls Lancer

 DECEMBER 19, 2018

Mitsubishi Motors is carrying out a voluntary recall of its Lancer model. These particular vehicles are being recalled to repair a faulty airbag. These cars were produced from June 2003 to December 2008 and 2,836 vehicles are affected

### What to do:

The owners of all affected vehicles will be contacted by letter and asked to take their vehicle to a Mitsubishi dealer or authorised repairer for remedial action.
