Mitsubishi Motors recalls passenger vehicles ASX, Eclipse Cross, Outlander, Outlander PHEV

 DECEMBER 4, 2018

Mitsubishi Motors is carrying out a voluntary recall of certain models of ASX, Eclipse Cross, Outlander, Outlander PHEV.

These particular vehicles are being recalled to repair the faulty software in the Active Stability Control (ASC) system.

There have been 431 affected vehicles placed on the Irish market.

What to do:

The owners of all affected vehicles will be contacted by and asked to take their vehicle to a Mitsubishi dealer or authorised repairer for remedial action.
