## My Little Galway Store Recalls Love Baby Blue Soother Clip

📅 MARCH 6, 2024

My Little Galway store is carrying out a recall of Love Baby Blue Soother Clip.

The risks presented by the product are choking and strangulation. The bead component of the soother holder has no ventilation holes. A child can put the bead component into their mouth and as there would not be enough air to pass around it, the child may choke. The soother holder can form a loop that is longer than the permitted length and this can get caught/ tangled around the child's neck leading to the child's airways being blocked and the child being strangled. This product does not comply with the requirements of the relevant safety standard.

The brand is My Little Galway Store. The model, batch number and barcode are unknown.

There are approximately 28 affected products in the Republic of Ireland.

### What to do:

Consumers should stop using the product immediately and keep it out of the reach of children. Refunds are being issued to affected consumers.

If customers have any further queries in relation to this recall, please contact the My Little Galway store by email at [mylittlegalwaystore@gmail.com](mailto:mylittlegalwaystore@gmail.com).
