## Nissan recalls Qashqai

 JULY 31, 2017

Nissan Ireland is carrying out a voluntary recall of certain models of the Qashqai. The vehicles concerned were produced between 23 September 2013 and 26 May 2016.

There is a risk, that the rear-right wheel-arch protection may scuff the brake hose. This could result in the escape of brake fluid and subsequently to reduced braking performance.

There are 11,495 affected vehicles on the Irish market.

### What to do:

Nissan Ireland will be writing directly to those owners affected by this voluntary recall to arrange to have their vehicles checked. You can also contact Nissan Ireland directly by telephone on 1850 302 302.
