## Opel Automobile Ireland Ltd recalls certain Zafira-B passenger vehicles

 JUNE 28, 2019

Opel Automobile Ireland Ltd is carrying out a voluntary recall of Zafira-B passenger vehicles. The vehicles were produced between November 2004 and October 2014.

A safety issue has been identified, whereby it is possible that due to movement of the wiring harness connector to the fan speed resistor, in rare circumstances, this can lead to electrical stress of the heating and ventilation system. The terminals within the connector plug may become heat damaged as a result.

This recall affects 8,117 vehicles in the Republic of Ireland.

### What to do:

Opel Automobile Ireland Ltd have written directly to the registered owners of the affected vehicles advising them to make an appointment with their local Opel Authorised Repairer, where necessary repairs and replacement of parts will be carried out.

If you believe that your vehicle may be impacted by this recall, then you can contact your local Opel dealer or alternatively, Opel's customer care on 01 533 9818 or on the following [web form](#).
