Product Safety Information Notice on a Baby's dummy sold on the AliExpress platform

📅 FEBRUARY 12, 2024

A safety issue has been identified with a Baby's dummy sold on the AliExpress platform:

The product presents a chemical risk. The product contains Bisphenol A (BPA), a recognised endocrine disruptor. BPA may damage fertility and has been identified as a substance affecting the hormonal systems of humans and animals.

The Aliexpress product id is 1005004780241869. The brand, model, bar code and batch number are unknown.

This product was sold online through the AliExpress platform. There are approximately 9 affected products in the Republic of Ireland.

What to do:

If you purchased one of these products, please stop use immediately and discard the product. You may wish to contact AliExpress to see if there are any remedies available to you. This can be done via your user account on the AliExpress platform.
