Product Safety Information Notice on a USB charger sold on the Wish Platform

📅 JANUARY 5, 2022

A safety issue has been identified with the following 10 port USB 50W intelligent charger which was available on the Wish platform.

There are multiple non-conformities in regards to insulation and internal components, which may result in an electric shock to the user or connection fault of the appliance.

There are approximately 3 affected products in the Republic of Ireland.

What to do:

If you believe that you may have purchased an affected product, discontinue use immediately and discard the product immediately. Purchasers of these products from the Wish platform will be alerted by Wish of this issue.
