## Product Safety Information Notice on a Yamaha Music Europe GmbH Yamaha PA-300C AC Adaptor (1/2)

📅 JUNE 17, 2025

A safety issue has been identified with a Yamaha Music Europe GmbH Yamaha PA-300C AC Adaptor.

The risk reported to the CCPC is fire. A short circuit in the DC plug electrode may cause excessive heat generation and melting of the plug, which can result in a fire.

The brand is Yamaha. The type/number of model is PA-300C.

There are approximately 494 affected products in the Republic of Ireland.

The list of retailers can be found [here](#).

### What to do:

If you purchased one of these products, please stop use immediately.

For advice on how to check if your product is affected and how to register for a replacement customers can visit the [🔗 Yamaha Recalls Page](#) and follow the instructions outlined.

If you have any other questions or concerns about the product, please email Yamaha directly at [yamaha\\_pa300c\\_recall@haycomputing.com](mailto:yamaha_pa300c_recall@haycomputing.com) or alternatively, you can call Yamaha consumer support at 01526 2449 for more information.
