## Product Safety Information Notice on Capybara Plush keyring sold on the Wish platform

📅 DECEMBER 11, 2024

A safety issue has been identified on a Capybara Plush keyring sold on the Wish platform.

The risk reported to the CCPC is that of Chemical and Choking. The toy has a small part (ring, carabiner clasp and bell). The seam allows access to the stuffing material. A small child may put in the mouth and choke. Also, the migration of lead from the metal bell in the product is too high.

The type of model is WAQ0673 – with t / 2-H-021-1. The brand, batch number and barcode are unknown.

There is 1 affected product in the Republic of Ireland.

### What to do:

If you purchased one of these products, please stop use immediately and discard the product. You may wish to contact Wish to see if there are any remedies available to you. This can be done via your user account on the Wish platform.
