Product Safety Information Notice on certain Mini Electric Heaters sold on Amazon

📅 MAY 29, 2025

A safety issue has been identified with Electric Heater 1200W Ceramic Heater Fan Heaters with 2 Heat Modes, Overheating & Tip-Over Protection, Plug in Space Heaters for Home Low Energy XH-1201 sold on the Amazon:

The product presents a risk of electric shock, fire and burns. The product failed mechanical strength testing leading to parts that can break giving access to live parts and leading to electric shock. The product is not resistant to heat and fire which can lead to overheating parts potentially causing fire propagation within the appliance or to surrounding materials. This can result in fire and burns. The product also does not have the appropriate markings and instructions required under the relevant safety legislation.

The model number is XH-1201. The Amazon ASIN is B0CMCZT6QR. The manufacturer is Ikram & Sons Limited.

The product was sold online through Amazon. There are approximately 14 affected products in the Republic of Ireland.

What to do:

If you purchased one of these products, please discontinue use immediately.

You may wish to contact Amazon to see if there are any remedies available to you. This can be done via your user account on Amazon.
