## Product Safety Information Notice regarding a USB Charger on the Wish Platform

📅 DECEMBER 21, 2021

A safety issue has been identified with the following USB Charger which was available on the Wish platform.

The product is designed in such a way that there is a risk of electric shock due to the insufficient creepage distances and measured clearances for the reinforced insulation.

There are approximately 19 affected products in the Republic of Ireland.

### What to do:

If you believe that you may have purchased an affected product, discontinue use immediately and discard the product immediately. Purchasers of these products from the Wish platform will be alerted by Wish of this issue.
