Recall of Green Smoke®

📅 MAY 24, 2016

Nu Mark is conducting a voluntary recall of the Green Smoke® e-vapor A/C D/C wall adapter with USB Port (Model No: JD-050-050), sold between 2010 and February 2016.

It has been found that this specific wall adapter's plastic housing may break and expose internal parts, posing a potential electrical shock hazard to consumers.

Key Elements to identify whether your Green Smoke® A/C D/C Wall Adapter with USB Port is affected by the recall:

Black Wall Adapter with a green and white Green Smoke® logo

Label identifying the Model as JD-050-050

Label identifying the Output as DC 5V 500mA

This recall only pertains to Green Smoke wall adapters (Model No: JD-050-050), sold primarily online and at select retail outlets.

What to do:

If you are in possession of this wall adapter, please stop using it immediately. Detailed instructions can be found on returning and getting a replacement:
