

PRODUCT RECALLS

RKW Ltd Recalls Tower Vortex 8L Dual Basket Air Fryer

📅 JULY 10, 2025

RKW Ltd Recalls Tower Vortex 8L Dual Basket Air Fryer.

The risk reported to the CCPC is of fire. This is due to a manufacturing defect which may result in the product overheating and igniting during use.

The brand is Tower. The model number is T17129L. The batch numbers are the following: PO264626, PO264638, PO264628, PO264634, PO264632, PO264630, PO271391, PO271397, PO271395, PO271399, PO271393 and PO271401.

There are approximately 5,315 affected products in the Republic of Ireland. Affected products have been sold by Lidl throughout 2024.

What to do:

Customers of affected products should stop using it immediately and unplug it.

Consumers can check whether they own one of the affected Air Fryer models by checking the model number on the appliance rating label. To do this please see the steps on the Tower Housewares Recall webpage: [🔗 Tower Air Fryer Recall](#)
