Søstrene Grene recalls Søstrene Grene Watercolours 12 pcs

📅 FEBRUARY 24, 2025

Søstrene Grene is carrying out a recall of Søstrene Grene Watercolours 12 pcs.

The risk reported to the CCPC is a chemical risk. An elevated amount of lead has been found in the white colour, exceeding the established limit values, which poses a health risk upon skin contact or ingestion.

The brand is Søstrene Grene. The batch number is 230866. The barcode is 5711812887851.

There are approximately 408 affected products in the Republic of Ireland. The model affected was sold from 29 May 2024 to 13 February 2025.

What to do:

Customers should stop using the product, keep it out of the reach of children and return the item to a Søstrene Grene store.

There is no need to bring a receipt. This also applies even if the product packaging has been removed and the batch number therefore is no longer visible
