Teufelberger GMBH recalls 'Braided Safety Blue', 'Arbor Elite', 'Pottsblitz' and 'CEclimb' slaiice ropes

📅 NOVEMBER 28, 2019

Teufelberger GMBH is carrying out a voluntary recall of 'Braided Safety Blue', 'Arbor Elite', 'Pottsblitz' and 'CEclimb' slaiice ropes. The ropes were produced between January 2014 and September 2019.

A safety issue has been identified, whereby, it is possible that under certain circumstances, the termination (the eye) can open during use (through vibrations and compression). This could cause the climber to fall.

The recall affects approximately 69 products in the Republic of Ireland.
