

PRODUCT RECALLS

Toyota Yaris, Auris, Corolla, RAV4 and Urban Cruiser Recall

 OCTOBER 28, 2015

Toyota recalls Yaris, Auris, Corolla, RAV4 and Urban Cruiser

Toyota Ireland are carrying out a voluntary recall of the following models (and production dates):

Yaris	2005 – 2010
Auris	2009 – 2010
Corolla	2008 – 2010
RAV4	2005 – 2010
Urban Cruiser	2008 – 2010

There is a potential problem with the Power Window Master Switch (PWMS). During normal operation, debris caused by wear from the electrical contact points can accumulate causing a short circuit. In this case, the switch assembly may overheat and melt possibly leading to a fire.

There are 16,240 affected vehicles in Ireland.

What to do

Toyota Ireland will be contacting the owners of all affected vehicles by mail and asking them to take their vehicle to a Toyota dealer. The dealer will arrange for an inspection and possible replacement of the affected part. This work will be carried out at no cost to the owner. You can get more information from Toyota Ireland directly on 01-419 0222.
