Triumph Motorcycles Limited recalls Roadster Range Motorcycles

 FEBRUARY 23, 2023

Triumph Motorcycles Limited is carrying out a recall of Triumph Roadster Range Motorcycles.

The brand is Triumph and the models are Speed Triple 1200 RS and Speed Triple 1200 RR.

The production dates for the Speed Triple 1200 RS were from 2021 to 2023 and the production dates for the Speed Triple 1200 RR were from 2022 to 2023.

During high outside temperatures and slow-moving traffic the radiator cooling fan could overheat, causing the fan's electric motor to shut down and a warning icon to illuminate. Ignoring this message could result in leakage or spray of hot coolant. This can lead to the rider falling from the motorcycle resulting in bruising and fractures.

There are approximately 6 affected products in the Republic of Ireland.

What to do:

To check if your vehicle is affected by this recall campaign, please visit the [Triumph Motorcycles Safety Recall Search Page](#) and input your Vehicle Identification Number (VIN).
