## WHITECRANE recalls Button Batteries sold on TEMU platform

📅 OCTOBER 24, 2025

WHITECRANE is carrying out a recall of Button Batteries sold on the TEMU platform.

The product presents a chemical and choking risk. The packaging is not childproof as the button batteries are accessible to children. A child could put the batteries in their mouth, which could cause choking. The batteries could also harm the digestive tract if they are swallowed.

The type/number of model is CR2032. The bar code on the inner packaging is 6972315922251 and the bar code on the outer packaging is 3295299304.

There are approximately 19 affected products in the Republic of Ireland.

### What to do:

Customers should stop using the product immediately and keep it out of the reach of children.

Temu has contacted affected consumers regarding this recall on behalf of the seller, and reimbursements have been issued to those impacted.

If you have not received a refund or have any further questions or concerns about this product, please contact Temu's Dedicated Customer Service team by following the link [🔗 here](#).
